During the first half of a season, teams will be able to transfer players up until 24 hours before a match. (Match start times are 8pm).

Names should be emailed to bristolpoolleague@btinternet.com, where you will receive a reply confirming this APPLICATION only. If you DON'T receive another email by 6pm on the evening of the match, this means that your application has been granted and your player is free to play.

This form should be signed and submitted at the next league meeting with all payment. Failure to do so will result in any frames won by these players being forfeited.
