

BRISTOL POOL LEAGUE HOUSE RULES

The following rules will be rigidly enforced. Failure to comply will mean the elected League Committee taking disciplinary action(s) whose decision will be final.

- a Unless informed otherwise, League Meetings will be held 7.00 – 8.30pm on the first Thursday of each month. A person representing each team must attend to pay subscriptions and hand in results if required to do so.
- b Winning scorecards should be scanned and sent via WhatsApp, email, or SMS to the appropriate Committee member no later than the Saturday following the match. Failure to do so will result in the match being declared void and no points being awarded.
- c League and Cup matches will commence at 8pm according to rule. In the event of a team failing to arrive and be ready to play the first frame after 8.15pm, their opponents may claim the first frame. A frame may be claimed every further 15 minutes until 5 frames has been reached.
- d When a match is in progress a team must be able to play the next frame directly following the end of the preceding frame in the correct sequence as the format of play dictates. If unable to do so the whole match will be forfeited.
- e Players must not be barracked. Any player who feels he has been barracked should report this to his captain after informing the referee(s). The captain must not sign the match card and report the incident to the Committee within 48 hours after the dispute giving as much detail as possible.
- f If a dispute arises the frame should not be continued. The rest of the frames within the match should be played and if the result is a tie, captains should not sign the card. This must be reported in writing, to the Disputes Committee within 48 hours after the dispute giving as much detail as possible.
- g If a team or landlord wishes to stop the match and restart on another night convenient to both teams, the remaining players in attendance who have not yet played must sign the back of the score card so as to indicate that they are eligible to play at the restart. If a team or teams are unable to complete a match due to running out of time the match must be restarted in time to find a result to be submitted by the next League Meeting.
- h Players can transfer from one team to another within the League up to halfway through the season. No transfers can take place after this unless under exceptional circumstances which will have to be authorised by the Committee.
- i New players cannot be signed on after halfway through the season. This rule may be relaxed by the Committee if the team's membership falls below 9 players.
- j A player can only play in knockout cup competitions for one team in any one season.
- k If non-registered players are played this will result in the offending team losing the match. New signings must be reported to the secretary before the player can play in a match.
- l If a team moves to play at another pub it must take with it two thirds of the players in order to keep the teams status within the League.
- m If a team drops out within a season and returns to the League the following season (the team still comprising of players of the original team) the team must pay to the League any outstanding fees. If however the team comprises of all new players, fees will not be owed to the League.

- n Any points not covered in the above rules will be dealt with at the discretion of the elected League Committee, whose decision will be final and not open to appeal.

ADDITIONAL HOUSE RULES FOR 2023/24 and forward

LEAGUE TABLES AND SCORING FORMAT

2 points will be awarded for a match win, and points total will be the first determining factor when deciding placings.

Frame difference will be introduced to separate teams that are level on points, followed by frames won if still equal. If teams are still level at the end of the season, the head to head scores between those teams will determine placings.

Teams are not obliged to play all 9 frames in a match, but they will forfeit any unplayed frames. Any claimed frames MUST be accompanied on the score card with a signature.

Example; Team A wins match 5-2 but does not wish to play on. Team B can claim the remaining 2 frames but must sign the score card with 2 unused players on the night. Vice versa would apply if Team B does not wish to carry on, Team A would have to sign score card to claim 2 frames.

Free dates will count as 5-0 with no signatures required. In matches where teams fail to turn up, a score card will still need to be submitted to claim 2 points, and a captains signature will be required to claim all 9 frames.

RELEGATION, PROMOTION AND END OF SEASON PLAY OFFS

For the Wednesday league only, and subject to entries, the bottom 3 teams in each division will go down to the next division (except in the lowest division). From division 2 downwards, the top 2 teams will go up to the next division, with the 3rd team being decided by a play off. The team that finishes the regular season in 3rd place will play at home against the 6th place team, while the 4th place team will play at home against the 5th place team in the semi finals. Semi final winners will play each other in the final.

Prize money will be paid out to place standings determined after the play offs.

FAILURE TO FULFIL FIXTURES

Teams, both home and away, must give their opponents at least one hour's notice if they are unable to fulfil a league fixture. Failure to do so will result in a 1 point penalty deduction on the league tables. Teams will be expelled from the league if they reach 3 penalty points.

NEW ADDITIONAL SIGNINGS AND/OR TRANSFERS

During the first half of a season, teams will be able to sign on/transfer players up until 24 hours before a match. (Match start times are 8pm).

Names should be emailed to bristolpoolleague@btinternet.com, where you will receive a reply confirming this APPLICATION only. If you DON'T receive another email by 6pm on the evening of the match, this means that your application has been granted and your player is free to play.

Signatures and payment must be received at the next league meeting. Failure to do so will result in any frames won by these players being forfeited.

SCOTCH DOUBLES

All pairs knock out competitions will be played to Scotch Doubles rules.

This is where a pair of players play alternate SHOTS rather than visits each time a ball is played or potted, even after the break or where 2 shots have been awarded.

Example: if player A is paired with player B, and A pots a ball, this pair's visit continues, but B takes the next shot. A and B continue to rotate shots until one player misses. At this point, the other pair's visit begins. Players MUST alternate with their partner. If not played in turn this will be a foul and 2 shots to the opposing team, with normal foul rules applying,

Conferring or talking is NOT permitted between SHOTS, but as in previous pairs formats, IS permitted between visits or when your opponents are at the table.

TEAM KNOCKOUT CUP MATCHES

In all KO Cup matches (league cup, divisional cup, plate) and play off matches, the signing of the card by players will be alternated throughout the duration of the match, eg, home player signs first in the first frame, away player signs first in the second frame, or vice versa. The team that signs first in the first frame will be determined by the toss of a coin.

FORWARD

Please remember to contact Committee members at sensible times showing consideration for their families.

We are fortunate that we have a wealth of extremely highly talented and skillful players within our League. We are also fortunate as we have a good number of teams that enjoy a "not too serious game of pool" at their local pubs and clubs.

14. It is **MANDADORY** that a referee from each team be used on every frame. **Please remember that you CAN NOT dispute a frame if there is only one referee.**
15. Re-arrangement of matches is not allowed.
16. Score cards must be completed correctly to avoid mistakes. The Committee reserves the right to reject incorrectly completed or illegible cards.

23. When a foul snooker has been committed it is not a foul to pick the white ball up, but the player must indicate so to the referee.

We will continue to randomly check forms and may reject forms if they do not comply. These players will not be able to play, unless we receive the completed form that complies with the above. When notifying the Committee of new players if you miss the 24-hour notice period then your additional player/players will have to wait until the end of the month to play
27. Player details on the original signing on form or any additional or player transfer forms should align with what name players play under, so the names could be matched when using the official scorecards. The most important thing about match cards is that they must legible to read. Therefore, names must be printed in full and signed.
